

Dear Friend

On October 16th through the 18th the South Jersey Jazz Society will present their 26th Annual Jazz@the Point Festival here in Somers Point. This event showcases some of the outstanding national jazz artist. This year's theme is "Jersey Fresh" will feature those outstanding jazz artist who were born or now reside in New Jersey

The South Jazz Society* is looking for businesses and organizations to help out by purchasing an ad in our Jazz Program. Over **2000** programs will be distributed to local, area and regional jazz fans.

Your involvement promotes education for both young and old, energizes the local economy during a non-peak time of year, facilitates performing arts, and at the same time offers you a great marketing tool at a very affordable price

Proceeds from this event benefit the music and arts program in local Public Schools.

We will be contacting you in a few days to see if we can count on you for your support.

Sincerely,

Nick Regine, President
South Jersey Jazz Society
